

September 20, 1933

Dr. Richard R. Lyman,
47 East South Temple,,
Salt Lake City, Utah

Dear Dr. Lyman:

Thank you very much for your characteristically generous letter of September 14 with a copy of your letter to Secretary Dern, and the clippings commenting on my visit in your beautiful city. Needless to say, it was a great pleasure to me to be able to visit with you and to meet those highly distinguished men among your friends.

Since receiving your letter your telegram commenting on the death of Mr. Bullock has been delivered. We are deeply grieved at his passing and recognize the practical impossibility of finding any one to duplicate the place he held in the affairs of the District and in our affections.

Yours very truly,

W. P. Whitsett
